1. We have reviewed the accompanying statement of unaudited financial results of **Indo-Eco (India) Limited** (Name of the Company) for the quarter and six months ended 30<sup>th</sup> September, 2025" attached herewith, being submitted by the Company pursuant to the requirements of Regulations 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the SEBI Regulations'), as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors in their meeting held on 13<sup>th</sup> November, 2025, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (IND AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and an analytical procedure applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement prepared in accordance with applicable Accounting Standards as notified under the Companies (Indian Accounting Standards) Rules, 2015 as specified in Section 133 of the Companies Act, 2013, read with the relevant rules issued there under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 05, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

## NALCO Pays Rs. 988.88 crore as dividend to Government of India for FY 2024-25

**BHUBANESWAR, NOV 13** --/ The National Aluminium Company Limited (NALCO), a Navratna CPSE under the Ministry of Mines, Government of India, has paid a record dividend of Rs.1,928.46 crore for the financial year 2024-25, including the Government of India's share of Rs.988.88 crore—the highest-ever dividend paid by the Company. The dividend cheque of ₹988.88 crore for FY 2024-25 was handed over to G. Kishan Reddy, Union Minister of Coal and Mines, by Brijendra Prapat Singh, CMD, NALCO, in New Delhi, in the presence of Piyush Goyal, Secretary, Ministry of Mines. Pankaj Kumar Sharma, Director (Production), and Abhay Kumar Behuria, Director (Finance), NALCO, along with senior officials of the Ministry and NALCO, were also present on the occasion. NALCO, which commenced commercial operations in 1987, has consistently earned profits and declared dividends since 1992. To date, the Company has paid a cumulative dividend of Rs.14,331 crore, of which Rs.9,556 crore has been remitted to the Government of India, which currently holds 51.28% equity in NALCO. It is noteworthy that during the first half of the current financial year, NALCO delivered robust physical and financial performance. Following the exceptional results in Q2 FY 2025-26, wherein the Company achieved its best-ever quarterly and half-yearly performance, NALCO has declared an interim dividend of Rs. 4 per equity share (i.e. 80% on the face value of Rs. 5 each), amounting to Rs. 734.65 crore for FY 2025-26. ## GST rate cuts pull down Oct inflation by 85 bps, declining trend to continue: Experts

**NEW DELHI, NOV 13** --/ The GST rate cuts brought down retail inflation by 85 basis points to a record low of 0.25 per cent in October and the declining trend is likely to continue in the coming months, according to experts. The Consumer Price Index (CPI)-based retail inflation was lowest in the current series (base year 2012), which captures data since January 2014. CPI inflation increased in case of personal care and effects, owing to higher gold prices, at 57.8 per cent, an SBI research report said, adding that if the precious metal is excluded, headline CPI turns the print negative at -0.57 per cent year-on-year. "We believe, given the current trend, CPI, excluding gold, would remain negative even in the next two months," the 'SBI Ecowrap' said. GST rationalisation, which came into effect from September 22, has also led to reduction in CPI inflation. "We earlier estimated that CPI will moderate by 65-75 bps owing to GST. However, the decline in CPI inflation due to GST has been higher at around 85 bps," the report said. It further said the CPI inflation trajectory calls for a strong case for decisive actions. The higher growth numbers for second quarter and the October inflation print will pose a serious dilemma for the RBI for a rate action in December. "Under these circumstances, we believe December rate cut is a close call and not a given. It will entirely depend on how the RBI is able to communicate to the market a rate cut when growth numbers are in excess of 7 per cent," the SBI report said. The next meeting of the Reserve Bank's Monetary Policy Committee (MPC) is scheduled during December 3-5, 2025. Commenting on the inflation data, Dipti Deshpande, Principal Economist, Crisil, said October was the first full month to reflect the impact of lower goods and services tax (GST) rates on mass consumption goods. With rate cuts now in effect, continued benefits are expected in coming months, she said. "We believe, over time, the inflation benefits of reduction in GST rates for non-food categories will be greater than for food categories. Although food has a larger weight in the overall CPI, the extent of net GST rate reductions for non-food items is greater," Deshpande added. She also anticipates a repo rate cut by the Reserve Bank of India in the upcoming monetary policy review. Rajeev Juneja, President of industry body PHDCCI, said the government's prudent GST reforms are showing a favourable impact on the economy, which is reflected in softening of headline inflation, along with base effect. To further bolster the impact of this period of low inflation, thrust should be laid on building infrastructure and logistics projects, strengthening agriculture supply chains to avoid food price spikes, and prioritising technology-driven productivity gains in manufacturing and services, he added.
